

**THE HARTVILLE VILLAGE
ZONING BOARD OF APPEALS**

September 1, 2010

The Zoning Board of Appeals, with prior and proper notice having been given to those concerned, was called to order on September 1, 2010, at 6:08 P.M.

Board members present: David Hubbell and Tom Watkins

Also present: Village Solicitor Ron Starkey, Zoning Inspector Al Tracy and Councilmember Cindy Billings

The meeting is to discuss the zoning application for 460 E. Maple Street - Hartville Church of Christ. They are requesting to put a net up that exceeds what is in the zoning book for height. For safety purposes, they are asking to install the netting 35 to 40 feet along their property line.

Mr. Watkins pointed out that this is for safety and recommends that it be allowed.

Solicitor Ron Starkey stated that the Zoning Inspector Al Tracy is a member of the Church. Mr. Tracy called me and explained that as the Zoning Inspector he denied the request based upon the Village Zoning Ordinance. The Solicitor added that the adjoining property owners were notified of this request, and that there is no one here to speak for or against this request.

A motion was made by Mr. Watkins to recommend that Village Council approve the request for the installation of the net. Mr. Hubbell seconded, and passed by all in attendance.

Mr. Watkins moved to adjourn the meeting. Mr. Hubbell seconded, and passed by all in attendance.

David Hubbell
