DISCONNECTION OF SANITARY SEWER SERVICE

Upon demolition, destruction or razing of a structure served by the Village sanitary sewer system or the abandonment of an existing sanitary sewer service, the sanitary sewer line shall be disconnected and sealed in accordance with this Section 904.26.

Disconnection shall be made at the right of way or property line nearest the sanitary sewer main and shall be accomplished in a manner to assure that no surface or ground water can enter the system and shall be sealed in the manner provided for herein.

All sanitary sewer line seals shall consist of a concrete plug followed by a "water plug" followed by a concrete plug.

The Owner of the property on which the structure or sanitary sewer service is located shall notify the Village for inspection to witness the disconnection and sealing.

The disconnection shall be inspected and approved prior to backfilling the excavation.

**All contractors must be registered with the Village of Hartville.
\$10,000.00 Bond is required and \$1,000,000.00 Certificate of Liability.**
